

Townsend Elite

Townsend Elite

Townsend Elite

FEATURES

- The Townsend Elite finds its success from our classic Townsend.
- Seat, back, and arm are fully upholstered and defined by a welt, with tufting on back cushion.
- Upholstery options are endless with our range of standard textiles, as well as the opportunity for Customer's Own Materials (COM).
- The interior frame is constructed with a combination of hardwood, and engineered wood, kiln dried to ensure integrity of the frame, with all critical joints double doweled, stapled, glued and screwed together. This engineered design allows for a light weight frame with all the structural integrity of a hard wood frame.
- "No Sag" sinuous steel spring construction ensures great comfort.
- The chair is fully padded with high-density, high-resiliency, CFC free polyurethane foam.
- The removable seat and back cushions are slip covered, and closed with a zipper.
- The bottoms are all finished with a Black polyester dust cover.
- Brush steel four-leg metal base, elegantly outlines the base of the chair.

OPTIONS

- Dual-upholstery options allow for both back and seat to be in two unique textiles.
- Replace the legs with Dual Wheel Casters for easy mobility.
- Create a more functional piece with a writing tablet, available as rounded triangle 16.5" x 18.75" (420 mm x 480 mm) or rounded rectangle 17" x 11.25" (430 mm x 285 mm).
- Always willing to meet your unique needs, Townsend, is available in a variety of fire retardant, ultra cell, and eco-friendly foam alternatives.
- 2" x 1" (50 mm x 25 mm) Black Polymer Legs
