

T a z z a

FORM TO FIT ANY BODY AND SPACE

The Tazza is a contemporary, polymer molded plastic chair that is 100 percent recyclable. Its timeless shell is ergonomically designed, gently hugging the sitter's body offering back support and a water fall front edge to alleviate pressure from the back of the thigh.

Available in four polymer colors, and a plethora of upholstery options. The Tazza can be configured with a choice of elegant Four Leg Wood Base, a Four Star Swivel Base, or a more practical stacking Sled Base or Four Leg Base. To round out the collection the Tazza can also be set on a 2-5 seat beam.
