

CAMDEN YARDS

Baltimore, Maryland, USA

LECTURE HALL

The Baltimore Orioles were looking for a seating solution that carried the same elegance that was featured in the architecture of Camden Yards. Borgo was able to provide a custom solution, that would meet the desired aesthetic without sacrificing function. The Moncton met the O's needs by being fitted with a tablet in the right arm, and a cup holder on the left. The O's alternate logo featuring the state flag of Maryland inside an orange and black circle, finished off the fully upholstered arm chair beautifully.
